

# Chapter 5: Cause and Effect

## Student Page

Draw a line from the cause to the effect.

### CAUSE

### EFFECT

- |   |   |
|---|---|
| 1. The ants had killed off all plant life.                    | He tries to destroy the ant nest by chopping it with a hoe.       |
| 2. Nobody had told Papa anything about the red ants.          | His foot becomes red and swells.                                  |
| 3. Johnny is bitten by ants.                                  | He has trouble going to sleep at night.                           |
| 4. Johnny is worried about the pain from the ant bites.       | Johnny can watch the ants in safety without fear of being bitten. |
| 5. Johnny is too sleepy to keep his eyes open any longer.     | There was a bare circle 6 feet across on the ground.              |
| 6. Johnny becomes angry about being bitten by ants.           | Papa did not think red ants were really dangerous.                |
| 7. Johnny tries several times to destroy the ant bed.         | He finally dozes off into a sound sleep.                          |
| 8. Johnny observes ants while standing in Mama's big washtub. | The ants clear away the damage and busily rebuild their home.     |
